Dated 21st June 1951

Sir,

Sub - Grading of Eggs - Inclusion of duck eggs in the Municipal Bye-laws of Mysore city

I write to state that the grading of hen eggs marketed within the Municipal limits of Mysore City has been made compulsory with effect from 2nd August 1947 after effecting necessary amendments in the Municipal Bye-laws As this work progressed, the need for introduction of compulsory grading of duck eggs was also felt Consequently, a reference was made to the Municipal Commissioner, Mysore City Municipality for the inclusion of duck eggs also under the existing Bye-laws

The Municipal Commissioner, City Municipality, Mysore now states in his letter No C3 P 75/48-49 dated 10-5-1951 (vide copy enclosed) that since all eggs will come under the operation of existing Bye-laws there seems to be no bar to levy fees on duck eggs, nor any difficulty for the collection of the same and that however, if there is still necessity to effect any corrections, the word 'Hen' occuring before the word 'eggs' in the Heading of the Bye-laws may be omitted

I, therefore, request you kindly to obtain the approval of the Government for deleting the word 'Hen' occuring in the heading of the Municipal Bye-laws framed for the grading of hen eggs (vide copy enclosed)

Yours faithfully,

Bye-laws for grading of Hen Eggs for sale in the several markets framed under Section 51(1)(a) of the Mysore City Municipalities Act

---

2 Every person, shall, before offering for sale, any egg in the City, get it examined and graded by the Staff of Egg Grading Station in the Devaraja Market and have it certified to as fit for human consumption, by getting each of it marked with the word "AGMARK", after payment of a fee of three annas per every hundred or part of hundred eggs

3 The Officer in charge of Grading Station shall, after examining the eggs by the process provided for in the Devaraja Market, certify such of them as are fit as graded, by affixing the prescribed "AGMARK" seal with the date of examination and reject such eggs which are either spoiled or unfit for human consumption

Sub - Grading of Eggs - Inclusion of Duck Eggs in the Municipal Bye-laws

---

With reference to your letter No M D I (I)/50-51 dated 21-3-1951 on the above subject, I write to state that in the brief notifications published in the Official Gazette on 11th November 1946 when the Bye-law was originally notified and also in the subsequent notification dated 15-9-1948 where the amendment of the same bye-law enhancing the grading fees from 0-1-6 to 0-3-0 was published, mention is made of"the byelaw for the grading of eggs" (vide line 4 and line of the two notifications referred to respectively in the copies enclosed)

The doubt entertained seems to be that the levy of fees is not possible in the face of the mention made in the nomenclature of the byelaws as appended to the Government Order sanctioning the Bye-law is only for the grading of hen eggs Since this heading or nomenclature does not find a place in the Gazette Notification and further since in the byelaw itself 'any egg' is very clearly mentioned as coming under the operation of the byelaw, there seems to be no bar to levy fees on duck eggs not any difficulty for the collection of the same under the sanctioned byelaws If you still feel it necessary, the heading may be duly corrected by Government so as to omit the word 'Hen' occuring before the word eggs

In these circumstances, I request you kindly to intimate if any further action except if it be to delete the words in the G O sanctioning the byelaw by a reference to Government is necessary
